**This free to attend training course is designed for practitioners who have a basic understanding of fingerprint photography but wish to further enhance their skillset.**

Led by our team of experts, training will include a mix of presentations and guided practical sessions.

By the end of this training session, attendees will be more confident in their ability to develop and capture fingerprints on a wide variety of substrates.

Attendees will get practical hands on experience with alternate light sources and digital photography.

Practical sessions will take place throughout the training to test the attendee's knowledge.

## **Day 1 Agenda**

- Recovery of Latent Fingerprints from Notoriously Troublesome Surfaces
- Utilizing the Full Spectrum of Light to Detect More Evidence

## **Day 2 Agenda**

- Superglue to Dye Stain to Photography Course
